### World Creativity Day

World Creativity and Innovation Day is celebrated on the 21st of April every year. The goal of World Creativity and Innovation Day is to raise awareness of the value of creativity and innovation in all facets of human development. World Creativity and Innovation Day serves as a reminder to get outside of the box and try something new. It inspires us to think creatively and improve the environment around us. It also serves as a prompt to act.

Ideas alone are not very useful. Take constructive action to make the world a better place. The definition of creativity given by Encyclopaedia Britannica is "the ability to make or otherwise bring into existence something new, whether a new solution to a problem, a new method or device, or a new artistic object or form." Innovation, according to Merriam Webster, is "a new idea, method, or device." Innovation and creativity are related ideas Put They Are

also two sides of the same coin. Being a mental process, creativity requires thought. It entails developing original ideas or fresh takes on existing concepts. On the other hand, innovation can be put into practice. It entails putting concepts into practice to create something beneficial. Both ideas are dependent on one another. Creativity is the root of innovation, whereas innovation would be useless without creativity.

**Ramzan - Eid**

Festivals are extraordinary events that the community celebrates every year. In India, there are many festivals. Eid is one of the festivals celebrated by Muslims. This month we celebrated Eid al-Fitr. Eid ul-Fitr is celebrated to mark the end of the holy month of Ramadan when Muslims fast from dawn to dusk. The sighting of the crescent moon is crucial to determining the precise date of this festival. In the morning we give rice as a gift to our neighboring houses. On this day a specific prayer is performed. As an obligatory act of charity, money is paid to the poor and the needy (Zakat-ul-Fitr) before performing the Eid prayer. After performing the prayer, everyone goes to each other's houses and greets each other. They give each other juices and snacks to welcome them. Kids get Eidi (money) from the elders.
