Karnataka Legislative Assembly Election Results 2023

The Legislative Assembly election was held in Karnataka on 10 May 2023 to elect all 224 members of the Karnataka Legislative Assembly. The votes were counted, and the results were declared on 13 May 2023.

The election saw a voter turnout of 73.19%, the highest ever recorded in the history of Legislative Assembly elections in Karnataka. The Indian National Congress won the election in a landslide by getting 135 seats, making it their biggest win by seats and vote share. The Bharatiya Janata Party and the Janata Dal conceded defeat, finishing second and third, respectively.

The demography of "ELECTRONIC CITY CREDENCE" comes under three assembly constituencies.

1. Anekal Assembly constituency (Assembly constituency no: 177)
2. Bangalore South Assembly constituency (Assembly constituency no: 176)
3. Bommanahalli Assembly constituency (Assembly constituency no: 175).

The assembly election 2023 results of the above three constituencies are as follows:

1. Anekal Assembly constituency (Assembly constituency no: 177):

Anekal Assembly constituency is one of the 224 constituencies in the Karnataka Legislative Assembly of Karnataka, a south state of India. It is also part of Bangalore Rural Lok Sabha constituency. It is in Bangalore Urban district and is reserved for candidates belonging to the Scheduled Castes.

In 2023 B. Shivanna of the Indian National Congress won the seat by defeating Hullalli Srinivas of the Bharatiya Janata Party with a margin of 31325 votes. INC's B. Shivanna has won with over 135000 votes. BJP's Hullalli Srinivas is in second place with over 103000 votes. While the JD(S)'s K.P. Raju came in third.

In the 2023 Karnataka Assembly elections, the total percentage of voters in the Anekal Assembly Constituency was recorded at 61.85 percent.

PILES N' PREGNANCY: What's the connect?

What are haemorrhoids?
Haemorrhoids are also known as piles. They are enlarged blood vessels placed inside of the anal canal (back passage). They are also called as anal cushions. Entirely normal and physiological to have haemorrhoids. These are an integral part of body and contribute significantly to our continence. They prevent us from leaking liquid stools or wind. Haemorrhoids sometimes can swell and cause symptoms include swelling,

bleeding, leakage, itching an inability to keep the back passage clean. Occasionally there can be a blood clot within these causing pain. This is called as thrombosed haemorrhoid.

What are the causes of piles? :
There are several causes for swollen piles. Constipation, straining, sitting for long hours, Heavy lifting and strenuous exercises are a few. Prostatic and liver problems can cause swollen piles. Pregnancy can also

also cause symptoms from swollen piles. Old age leads to weak pelvic floor and hence piles are more likely.

What or haemorrhoids symptoms?
Bleeding whilst evacuating, itching, mucus discharge, lumps around the back passage, lumps prolapsing in and out, feeling of fullness in the back passage are some of the common symptoms.

Health tips – Eyes

It is important to have regular eye exams to maintain good eye health. Eye exams can detect any potential vision problems or eye conditions early on, allowing for timely treatment and prevention of further damage. Protect your eyes from the sun: Prolonged exposure to ultraviolet (UV) rays can increase the risk of eye diseases such as cataracts and macular degeneration. When outdoors, wear sunglasses that block 100% of both UVA and UVB rays. Additionally, wearing a wide-brimmed hat can provide extra protection for your eyes. Take breaks from digital screens: Extended periods of staring at computer screens, smartphones, or other digital devices can cause eye strain, dryness, and discomfort. Follow the 20-20-20 rule, which suggests taking a 20-second break every 20 minutes to look at something 20 feet away. This helps reduce eye fatigue and strain.

Mother's Day

The second Sunday in May is celebrated as Mother's Day. This year we celebrated it on May 14th, 2023. The idea of celebrating Mother's Day in India originated in the United States and was first celebrated in 1914. Mother's Day is a special occasion celebrated worldwide to honour and appreciate the contributions and sacrifices made by mothers for their kids. This day is also known as Mothering Sunday dedicated to all loving Mothers. It is said that the lap of a mother is heaven on earth. Mother is the one who is filled with Kindness, Tender care, and Selfless love for her children. She is the one who forgets her own Dreams, listens to us carefully, and always motivates us. Every mother is devoted to her child throughout her life. Measuring the depth of a mother's sacrifice is not possible for anyone nor can we repay the priceless favors and love of our mothers. Mother is the one who is probably endowed with all the power.

How to travel with your pets in a car!

Traveling with pets in a cab can be a convenient and safe way to get around, but it requires some preparation and consideration for your pet's well-being. Here are some tips to help you travel with your pets in a cab: Prepare your pet for the ride: take your pet for a short car ride or two before the cab trip to help them become more accustomed to the experience. If your pet experiences anxiety or motion sickness, consult with a veterinarian about possible remedies or medications. Secure your pet in the cab: Once inside the cab, secure the carrier on the seat or on the floor to prevent it from sliding or tipping over.
